PERFORMING FOR PURPOSE

THE DCM INSTITUTE was established in 2019 with a simple mission, to support you through a professional development program worthy of a sector which is for purpose.

Each year we deliver on this mission through the content in our Knowledge Centre combined with Masterclasses, Professional Development Days, and **VILLAGE SUMMIT** – a single day event of development, growth and celebration.

At **VILLAGE SUMMIT** in 2024, we will explore what it means to be a **high performer**, in a for-purpose sector.

Expect to gain valuable insights to elevate your performance and walk away with practical tools that you can replicate in your business, in your village or your community, to improve the experience of your residents.

Once again we would like to extend our gratitude to the executives who will be speaking at **VILLAGE SUMMIT** this year. Your continued support allows DCM Institute to continue to move the needle of professionalism in the sector.

Finally, a special thanks to our sponsors who allow these events to be possible across the country in five capital cities over three weeks in November.

On behalf of the DCM Institute, I look forward to spending time with you at our premier event of the year, **VILLAGE SUMMIT**.

“The ageing process is still very exciting because there’s so many people we can help, but we need the guidance of DCMI to help us – I have this wealth of experience that I can access when it suits me. It’s like walking into your own tribal council. It’s all there... It’s fabulous.”
